

Council on Postsecondary Education
Resolution Adopted at November 7, 2013 Meeting

The Council on Postsecondary Education expresses its unqualified support for the 2014-2016 Postsecondary Education Budget Recommendation and particularly the development of funding requests for strategic investments in addition to the traditional base funding.

The Council hereby resolves that, as a result of budget deliberations over the past year, it is evident that there is a need for the development of a comprehensive funding model that aligns the Commonwealth's investment in postsecondary education with the Commonwealth's postsecondary education policy objectives. As such, the Council president is hereby directed to establish a working group that, at minimum, includes leadership of each of the public universities and KCTCS and members of this Council, for the purpose of developing a comprehensive model for the allocation of state General Fund appropriations for institutional operations that incorporates elements of campus performance, mission, and enrollment, as well as any other components as determined through the process. The new model shall be developed for implementation in the 2016-2018 biennial budget recommendation.
